

International Interdisciplinary Conference on Clinical Supervision
Wednesday, June 11, 2025, through Friday June 13, 2025

In support of improving patient care, this activity has been jointly planned and implemented by International Interdisciplinary Conference on Clinical Supervision and Rutgers Biomedical Health Sciences. Rutgers Biomedical Health Sciences is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Social Workers (The New Jersey Board of Social Work Examiners): This program is approved for social work continuing education hours by Rutgers University Behavioral Health Care in accordance with New Jersey administrative code 13:44G-6.4 and recognized by The New Jersey Board of Social Work Examiners. This program is approved for **13.5** clinical continuing education hours.

As a Jointly Accredited Organization, Rutgers University Behavioral Health Care is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Rutgers University Behavioral Health Care maintains responsibility for this course. Social workers completing this course receive **13.5** clinical continuing education credits.

ASWB ACE is eligible for national CE Credits. Please refer to: <https://www.aswb.org/licenses/ace-approved-continuing-education/states-and-provinces-that-accept-ace/>

Peer Review Statement:

In order to help ensure content objectivity, independence, and fair balance, and to ensure that the content is aligned with the interest of the public, RBHS has resolved all potential and real conflicts of interest through content review by non-conflicted, qualified reviewers. This activity was peer-reviewed for relevance, accuracy of content, and balance of presentation by: Laura Burns, LCSW.

Disclosure: In accordance with the disclosure policies of Rutgers and to conform with Joint Accreditation requirements and FDA guidelines, individuals in a position to control the content of this education activity are required to disclose to the activity participants: the existence of any relevant financial relationship with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients, with the exemption of non-profit or government organizations and non-health care related companies, within the past 24 months; and the identification of a commercial product/device that is unlabeled for use or an investigational use of a product/device that is not yet approved.

Faculty:

The following faculty have no relevant financial relationships to disclose:

Melanie B. Agustin, MEd, LPC, NCC; Anthea D'Amico; Mollie D. Delzeith, MA, LPC
Maria Del Pilar Grazioso, PhD; Emily D. Bebbler, PhD, LPC-S; Catherine Eubanks, PhD
Michael V. Ellis, PhD, ABPP, ACS; Talitha Parish Easterly, PhD; Rod Goodyear, PhD
Evelyn A. Hunter, PhD; Chad T. Lorenz, PsyD, LP, LMFT, MBA, ABPP; Scott Migdole, MSW, LCSW; Dr.
Annette Pullen, PhD; Vivien Roman-Hampton, MSW, LICSW; Karen Sewell, PhD, MSW; Dukhae Sung,
PhD; Joshua E. Turchan, PhD, ABPP; Ana Lilia Villafuerte Montiel, PhD; Edil Torres Rivera, PhD.

Peer Reviewers:

Laura Burns, LCSW have no relevant financial relationships to disclose.

Planners:

The following planners have no relevant financial relationships to disclose:

Jessica Benas, PhD.

Off-Label/Investigational Use Disclosure: Faculty are required to disclose discussion of off-label/investigational uses of commercial products/devices in their presentation. These disclosures will be made to the audience at the time of the activity.

Content Disclaimer: The views expressed in this activity are those of the faculty. It should not be inferred or assumed that they are expressing the views of any manufacturer of pharmaceuticals or devices, Rutgers University RBHS and International Interdisciplinary Conference on Clinical Supervision. It should be noted that the recommendations made herein with regard to the use of therapeutic agents, varying disease states, and assessments of risk, are based upon a combination of clinical trials, current guidelines, and the clinical practice experience of the participating presenters. The drug selection and dosage information presented in this activity are believed to be accurate. However, participants are urged to consult all available data on products or procedures before using them in clinical practice.
